9,000,000 Businesses for Sale

by Ted Konnerth

The estimates vary widely, but there are around 15,000,000 businesses in the US. Of that number, at least 9,000,000 are currently owned by Baby Boomers; i.e. anyone who was born between 1946-1964. There are 75,000,000 boomers. This generation has had an enormous impact on the economy and culture of the US since they were born.

First Job

Every one of us can remember our first job. It's seared into our memory; we can tell you how much we were paid, what our specific job was, what hours we worked and most details of our boss at that time. It's a notable part of our lives. For many of us, 1st job goes back to high school, or earlier. My first job was...
